Mrs. Dr. Robertson was at Edmonton this week visiting friends, oranges 16 cents per dozen up, for Saturday at Fowler & Company's.

Louis Kellier, who recently went to the Coast, returned last week on bus

line. The Wetaskiwin Tent & Mattress Co. will pay the highest price for iron and rage.

Dr. Nordby, has recently been appointed G. P. R. physician for the Wetaskiwin division.

Mr. and Mrs. D. E. Martin, of Camrose were in the town this week renewing their license.

Dr. F. P. Fowler attended a meeting of the Board of Alberta College at Stratford on Tuesday evening.

An error occurred in Talbot & Davis' ad't, last week, which we are pleased to correct in this issue. Read their adv't on back page.

Victor Johnson was sentenced to three months in prison at the Provincial Court at Regina, last week, on the charge of theft.

Mrs. F. M. Bowden returned Wednesday from Todd, where she was spending a few days with her daughter Mrs. N. C. Legge.

Ed. Bailey, who arrived in the city before Christmas on a visit to his parents, has just returned from a trip to the coast.

The friends of Mr. McNeil regret to learn that he was suffering last week with an attack of pleurisy. He is now convalescing nicely.

W. Gould, ticket agent at the depot, spent part of his vacation at Edmonton, last week. His prospects to resign there are not yet decided.

Miss R. M. Abram left for Wetaskiwin on Wednesday morning to take a position as stenographer with E. D. H. Wilkins, barrister—Plaindealer.

We have the honor to inform the choir director of the choir of Peoples and McDowell, that they have engaged

Mr. J. Russell Wilson and little daughter Frances of Wetaskiwin, the delightful guests of Mrs. Wetaskiwin, Mrs. Harry Barnes of the former.

The Misses Cameron have a new millinery establishment in the city recently vacated by Mrs. L. A. Thompson, who has moved to the community of the church. She will be succeeded by Wetaskiwin's first milliner.

Mr. T. W. McLean, who is conducting services at Mt. Gospel Hall, Alberta St., on Friday evenings, Thursday and Friday evenings of this week. All cordially invited.

Mr. and Mrs. E. Larson and family and Mr. and Mrs. E. Blaauw and family, who have been spending a few months with relatives in Uncle Sam's domain, returned last week.

W. S. English, of Westover was in the city this week. He expects to see a busy time ahead, as the C.P.R. has a gang employed near them on their Strathcona-Calgary line.

The ladies of the Methodist church will hold a tea and sale of home made cooking at the home of Mr. D. A. Sharpe, Lorne St., on Saturday afternoon, from 4 to 6 p.m. The proceeds will be reserved for the 12c.

The ladies of the Hospital Aid will hold an onion supper from 6 o'clock to 10 o'clock, Friday evening March 21st, at the residence of Mrs. J. F. Johnson, 1012 10th Street, the proceeds of which will go to the hospital fund.

A wrestling and boxing tournament will be held in Angus Open House on Friday evening, March 21st, consisting of wrestling and boxing by the best talent. The principal event of the programme will be a wrestling match between C. E. Marks of Saskatchewan, champion of Saskatchewan, and E. P. Kirby, of Wetaskiwin, champion of Alberta, for a purse of \$100. See poster.

The Lyric Theatre, (formerly Dreamland) was opened on Monday evening under the management of Messrs. Freeland & Gretzen. These gentlemen have had a great success in the management of theatres across the line, and promise nothing but the very best entertainments. The opening on Monday was highly gratifying.

Following the announcement that the Alberta Central Railway would construct a line from a point south of Stettler to the Brazeau coal fields via Alix, the latter place, which has been asked for the past year, has been granted to find coal starting on a career that even the most optimistic never dreamed of. Alix already has three railroads: the Canadian Pacific, Grand Trunk Pacific and the Canadian Northern. With the coming of the Alberta Central, it will possess itself of coal, with a fifth branch from Calgary by the C.P.R. Alix is halfway between Edmonton and Calgary and is only 7 miles from Lethbridge, where the goods will be shipped in the province. Its geographical location makes it a desirable business centre and residential as well.

AMALGAMATED CHOIR CONCERT

It was a very large and appreciative audience that greeted the Amalgamated Choir in Angus Opera House on Friday evening of last week. Every seat in the cold medium hall was taken, and many were obliged to stand. The curtain was raised promptly at 8.30 and the program from the stage end was that could be desired by the most exacting. Mr. Claude Hughes, the conductor, is deserving of the highest praise for the masterful manner in which every item of the program was rendered.

We did not attempt to particularize every item was greatly appreciated and heartily applauded.

The male quartette of Messrs. Ray, Allan, Holman and Weir, was so greatly enjoyed that they were obliged to return again in the program. The vocal quartet was ably assisted by Mrs. Horner and Mr. and Mrs. Herbert Chadwick, of Edmonton.

Financially the affair was a gratifying success, an amount of \$300.00 being received.

The vocal quartet enjoyed refreshments which were served in the hall.

The following is a list of those taking part:

Soprano—Mrs. Win. Dixon, Mrs. Dorothy Muir, H. J. Montgomery, Miss Helen Hamay, Miss B. Staplin, Miss N. Jones, Miss A. Thorley, Miss Crook, Miss Moore, Mrs. Kerr, Miss Clarke, Mrs. Holman, Mrs. Aldridge, Miss Chandler, Miss Dodgeon, Miss A.

ONE SECRET OF OUR SUCCESS. Every case submitted to us receives the personal attention of our medical committee, who then decide as to the disease and curability. Special remedies are then prescribed for each individual case. If the disease is incurable, we prescribe the most appropriate treatment, cannot fail to cure, as special medicines are selected to cure the disease. We have a large number of patients from all over the world who send the same medicines to all patients alike and cure none. We have treated patients from all over the world, and have a large number of cases in our files.

We Guarantee Cures or No Pay. We treat all Diseases of Men and Women.

TEMPERANCE COLUMN Edited by The W. O. T. U.

STRICT RULES

Writing in the Scientific Temperance Journal, Mr. Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers, says:

The question of temperance is one of the cardinal principles of the Brotherhood of Locomotive Engineers and is as strictly enforced as any of the other laws of the organization. No man can drink, either, on duty should it become known to the members of the organization, without being expelled from the order.

I represent a class of men who, above all others, require a clear brain, and for that reason if there is any one thing that we fight first, last and all the time it is the question of drink. In these days of fast time, congested traffic and heavy trains, the engineer in the cab of a locomotive needs all the brains he has, and he cannot afford to have them muddled with alcohol. I not only preach total abstinence, I practice it as well.

Ten years before any of the railroad companies required this, we had these laws forbidding the use of intoxicating liquors in our constitution and by-laws. Many of our railroads have become so strict at the present time that they will not employ as a beginner a young man who uses cigarettes, because one eventually leads to the other. Cigarettes and intemperance go hand in hand and one is about as bad an evil as the other: when you combine the two, such a young man is not of very much account in railroading at the present age. For that reason, companies are taking a very rigid stand upon both.

There is no question but what the man who does not use intoxicating liquors is a better man in every respect, physically, mentally and morally, and for that reason the organization is fighting with all might to keep its men up to the very highest standard of American citizenship, not only to be good engineers and good members of the organization, but to be high class citizens, such as the world at large could be proud of. There is, perhaps, no other class of men in the world upon whom so much depends as upon the locomotive engineer. If there is anything in Darwin's theory of the survival of the fittest, it is represented in the engineers of America, in their locomotive cars to-day.

THE BOY AND THE BAR

You have a boy entering young manhood. Of course, you love the mally fellow, and to the best of your ability, you shield him from temptation—at least you are not urging him to do those things which would detract from a clean manhood. You would not think of advising that boy to spend his leisure time in the bar-room, and you certainly would do everything in your power to keep him from becoming a drinking man. You oppose him taking a social glass and you would give all you are worth rather than have him become a drunkard.

But do you feel the same way about other boys? Don't you know every parent wants his boy to keep away from the saloon? As all parents feel the same way, why do these parents permit the saloons to exist, for every saloon leads astray some boy, and some of them ruin many boys.

DEVASTATION BEYOND BELIEF

The combination of plague and famine has wrought devastation throughout Manchuria and Northern China of a scope that is almost impossible to believe.

Victims of the famine plague to the number of over 75,000 have died and food is now so scarce that even the dogs have been eaten by the destitute natives of over a dozen towns.

Missionaries and Government officers alike in the interior towns along the Non, Muan, and Chol rivers, cannot escape the pangs of griping hunger.

NORTHERN ALBERTA AFTER CONTEST HONORS FOR BEST WHEAT

Northern Alberta is making preparations to take advantage of the opportunity offered by the American Land and Irrigation exposition, to advertise that section of the province. This exposition will be held in New York during November of the present year, and Sir Thomas Shaughnessy has offered a prize of \$1,000 in gold for the best sample of wheat grown in North America. As wheat grown at Ft. Chipewyan took the first prize at that world at Philadelphia in 1876, it is felt that the section of Canada has a good chance to win this time, as the award is open only to farmers of North America.

The Northern Transportation company is taking the matter up and is sending broadcast bills advertising the event. The company is making a proportion to all farmers living between the 55th and 60th parallel that they will handle any exhibits offered. All that the farmer has to do is to turn over his sample to the company at Slave Lake, and they will see that it is placed in the New York exposition.

The only formality is that the grower must furnish a sworn statement as to where the wheat was grown, when planted, when cut, the name and quality of the wheat, name of the person who raised it, and as much as can be learned of the history of the seed.

The company agrees to pay all transportation charges and will place a man in charge of the exhibit. Furthermore, if the prize is won by any of the farmers of the district named the company will give the winner a further prize of \$500. Samples must weigh 100 pounds and must either be hard red, spring, or winter wheat.

IMPORTANT TO WOOL GROWERS AND SHEEP BREEDERS

The Commission appointed by the Dominion Government to inquire into conditions affecting the wool and mutton industry of Canada will sit in the Knights of Pythias Hall in Lethbridge on March 27th and 28th, the offices of the Alberta Live Stock Associations, Calgary on the 29th and 30th and in the City Council Chamber, Edmonton on March 31st and April 1st.

Let the Alberta wool and mutton growers show their interest in this matter by appearing before the commission at one or the other of these places and informing the body of the difficulties in the wool and mutton production in Alberta, and suggesting such remedies as they think are necessary under the circumstances.

W. F. Stevens
Live Stock Commissioner

FIRST BAPTIST CHURCH

Next Sunday morning and evening the pastor will preach. The morning subject will be "The Presence of Jehovah." In the evening the series of sermons on "The Parables of Jesus," will be continued with a sermon on "The Parable of the Lost Sheep." The male quartette will sing. Special music by the choir at both services.

The canvas for the reduction of the floating debt of the church is being pushed with much vigor and is meeting with splendid results. A sum approaching \$500 has already been subscribed. The subscription is being confined to members and adherents of the church. Among others the bible class has become responsible for \$50.

The Canadian Northern Railway will spend \$140,000 in improvements around Edmonton this summer.

An official announcement has been made that by 1910 the C. N. R. will be operating ocean to ocean trains.

Special immigrant trains are now reaching Calgary every day, will set in for Alberta and British Columbia.

Joseph Phillips convicted of wrecking the York Loan and Savings company, and who was sentenced to four years in the penitentiary, was released on Saturday after completing his sentence.

Ottawa, March 11.—Mr. Ordern will not go to the Coronation. He will leave early in July for the West to make a political tour which will extend through all the country traversed by Sir Wilfrid Laurier last summer.

The Alberta Department of Agriculture will conduct a two weeks' course of instruction in creamery buttermaking and management, at Innisfail, Alberta, commencing on Monday afternoon the 3rd of April. A general intention is extended to creamery buttermakers, secretaries and managers of the Provinces to take advantage of the services of this course.

Mr. W. J. Stephenson, of Edmonton, formerly of Wetaskiwin, came to Red Deer shortly, having taken an interest in the Gaetz-Cornett Drug and Book Co. business. Mr. Stephenson and his charming lady are very popularly known in Red Deer, where their family connections live, and he will add much strength to the Gaetz-Cornett Co.—Red Deer Advocate.

Now that seeding time is approaching the farmers of this district should be particularly careful in their selection of seed and in the use of fertilizer, as several good exhibits of wheat should be sent from this district for the C.P.R. one thousand dollar competition, mention of which was made in these columns a few weeks ago. The winning of this liberal prize for wheat would advertise the district as a wheat centre, more than anything else possibly could.

The taking of the census will commence early in June and it is expected that it will be completed in about a week. The modus operandi of the commissioners will be to select enumerators, one for each polling subdivision, who will receive five cents for each name registered by them. In addition, they will be paid a further sum for other information which they collect. The census commissioners, paid three cents a name and is also allowed a certain sum for other expenses. The enumerators are now being selected.

There are 4,000,000 acres of free land available to settlers who locate this year near the lines of the Canadian Northern, according to a statement just issued by the officials of that road. This land is not scattered, but is in five districts. None of it is more than 30 miles from the line, and although the roads included are not complete, they are under construction, the grade being already built. All this land has been carefully gone over by representatives of the Canadian Northern, and the officials of the immigration department of the line will direct travellers to it. It is expected that thousands of the available homesteads will be taken up during the summer. The company is conducting a most aggressive campaign in England, and a portion of the available heritage will no doubt fall into the possession of the British immigrants. Much of the country included in the 4,000,000 acre tract is such as the British settlers prefer, being adapted to mixed farming, with good water and timber.

THURSDAY, MARCH 23

OUR THIRTY ANNIVERSARY

With this issue The Times enters upon its eleventh year of publication and in so doing this opportunity of thanking our readers and advertisers for the generous support accorded us since we started in business.

In return we have endeavored, and believe we have been successful in putting a newspaper of which Wetaskiwin will be proud. We have had many trials and tribulations, but at times it has been most difficult to produce a first class paper, as although the support from our various patrons has been generous, the revenue was not sufficient to make the publishing of a newspaper an easy or lucrative task. Especial care has been taken in this paper, we were endeavoring to finance the installation of up-to-date machinery to meet the demands of the fast growing city and community.

The newspaper has had this opportunity of repaying the loyalty of our subscribers that their subscriptions are long past due, and as we as under very heavy expenses this spring with the installation of a new newspaper press, the cost of production remains about as previously appreciated.

For the coming year it will be our aim to publish even a better paper than ever, by giving the best news of the city and district when it is news, and by doing all within our power to further the advancement of this city and community.

HOSPITAL MATTERS

A meeting to discuss the advisability of erecting a hospital to be known as the Wetaskiwin General Hospital was held in the Council Chamber on Thursday night.

Dr. H. C. H. Walker was in the chair and W. H. Wright was elected secretary.

After a short discussion the matter was referred to a committee composed of ex-mayor, H. J. Montgomery, Rev. E. McGoogan and F. E. Kelley. The committee was instructed to confer with the Board of Directors of the Scandinavian Hospital and look into suitable location and report on Friday evening, March 24th in the Council Chamber.

The public meeting which was called for Friday evening the 24th, was for the discussion of Hospital property and the same was appointed for the present. The committee appointed for the last meeting to consult with the Board of the Scandinavian Hospital, and make enquiry regarding suitable buildings, has been unable to do so, and the meeting was adjourned to the absence of Mr. Olin, chairman, and several other members of the Scandinavian Hospital Board, from the city. As soon as the required knowledge can be obtained a second public meeting will be called of which notice will be given in the press.

DEMISE OF D. R. AMBLER

In Sunday afternoon last, the funeral took place of the late David R. Ambler, aged 81 years, in the Pakan district, who succumbed to heart failure, on his farm a week previously. The first part of the service was held at Immanuel church of England, conducted by the rever. Dr. Coard.

After the reading of the minutes the names of judges for the next fair was considered. The question was finally left in the hands of the president and secretary, the latter being instructed to write the department to ascertain if the government judges could officiate at the fair here for the both days.

A motion was then introduced by D. C. McLean, seconded by Lew Hutchinson, and unanimously passed that a resolution be presented to the Agricultural Association, requesting that this association urge the government to discontinue the carollment of grade stallions.

Henry D. Mills was selected to the office of second vice-president, and J. Davies was appointed official auditor.

Clause 3 in the rules and regulations was changed to read "brood mares, cows, ewes and sows must have raised young during the past twelve months."

The secretary's bond was fixed at \$500, and the society is to pay the expense in connection with the procurement of the same.

The secretary read a report of the construction of the Alberta Fair Association held at Lethbridge on Feb. 1st and 2nd, which was adopted and the secretary was instructed to have all interested to attend that meeting.

A discussion then took place re the raising of money for the financing of the next fair, when the president ap-

THERE ARE FEW PEOPLE Who Have Never Experienced a HEADACHE.

Headaches affect all ages and both sexes but females seem to be particularly the more affected through the higher nervous development and more delicate organization of the system.

Burdick Blood Bitters has, for years, been the best remedy for headaches, and if you will give it a trial we feel sure it will do for you what it has done for thousands of others, during the past thirty-five years.

Mrs. C. Meadows, Clarksburg, Ont., writes: "For years I was troubled with headaches, and they were also constipated. I was advised to try Burdick Blood Bitters. I only took three bottles of the medicine, and I feel as though I had a new life. I find it completely cured, and I can truthfully testify that it is the best medicine I have ever used."

Burdick Blood Bitters is manufactured only by The Millburn Co., Limited, Toronto, Ont.

pointed the following canvassing committee: Messrs. U. G. Stowell, E. G. Green, H. T. Rix, D. C. McLean, A. B. McLean and J. Davies.

The mother of Mr. and Mrs. E. D. H. Williams has passed peacefully away after a long illness that day. A few weeks back the contractor, W. H. Kelley, it was felt from that time that he was incurable. She was aged five years. The funeral will take place tomorrow (Friday) forenoon at 10 o'clock. The sincere sympathy is extended to the bereaved family in their hour of bereavement.

CAMROSE

(From The Canadian)

Married—at the Presbyterian Manse, by the Rev. K. C. McLeod, on March 13th, Edith M. Chambers, of Hardisty to J. H. Scarf, of Fortin.

Messrs. Thomas & Farley, who have for over a year conducted a harness business in Camrose, sold out to a Winnipeg firm this week. The names of the buyers are John McAlister and Henry Spalding.

Many are expressing the opinion that the statement, in last week's issue that the twins born to Mr. and Mrs. A. Kjorlien, weighed 21 pounds, was due to a printer's error. The exact weight of the babies was 20 pounds. We are glad to report they are doing well.

Stratford—The best class too—are coming into the district. This week there arrived from Crookston, South Dakota, L. E. Lovestad and two sons, with three cars of effects. Mr. Lovestad has purchased through the Scandinavian Lumber Company 800 acres, two miles north of the town and adjoining John Hansen's farm.

Much interest was aroused in Camrose last Thursday afternoon by the arrival of two New Norway farmers, who were returning from a hunting trip to the country north of Snowy Lake, and in whose sledge was packed the carcass of seven timber wolves and the antlers of a deer. The hunters, E. W. Bellington and G. P. Rydolm, past through Camrose about the end of September on their way north and have been away fully five months.

J. S. Devrill, of Heather Brae, one of the most progressive farmers in the district, having heard so much of the results from the adoption of the dry farming method, decided to give it a trial last year on a small plot of land. From this plot he has threshed wheat that yield 40 bushels to the acre. This yield, Mr. Devrill thinks is a sufficient reply to those who have expressed the opinion that the results were not worth the extra labor entailed, as last year the crops were a comparative failure where the dry farming method was not employed. Mr. Devrill will this year treat a much larger area in this manner, and is confident of further success.

VARIOUS MERCHANTS

One day a man with a downcast face flew into the village grocer's place. "I've dealt with you many moons," he said; "I've bought your codfish and prunes and bread, and I always said when I said I would and you doubtless know that my credit's good. Now I'm out of work and without a dime, and I'd like to buy a few things on time." And the grocer sold him a lot of truck, and hoped he soon would have better luck. He told his tale to the butcher, then at the drygoods store, to the clothing men, they all remembered that he had paid, and they were pleased when they got his trade; and now that luck for a time had changed, he found no one of these men estranged. They sold him things in their specialty stores and wished him luck when he left the doors. And they the man of the luckless star dropped in at last to the booze bazar. He told his tale; he was all, all in, wanted credit, for beer and gin. His coat was fanned by the bartender's feet, and he bounded two yards when he hit the street. Wall Mason.

SEES CITY LIFE FOR FIRST TIME

Coming down from the foothills where for twenty-five years he has lived the life of a hunter and trapper, to enjoy his first taste of high life in the bewilderment of a metropolis. Peter Gouache, who has not seen Edmonton since it was an early Hudson Bay Post, came into the city this week, to have his first ride on an express train, talk his first talk through a telephone, witness for the first time the miracle of the street car, and the electric light and to enjoy all the thrills of life in crowded city streets for absolutely the first time in his long, lonely existence.

Peter Gouache talks nothing but Cree. In 1885 he left Edmonton for the West. The other day he came back to see the metropolis, that had grown up while he trapped and hunted in the wilds of the foothills, living the life of his forefathers as they lived it in the good old days of smoke-begrimed wigwam—Capital.

That the several American capitalists interested in gold, copper and coal properties in Alaska have offered to guarantee the bonds of a railroad from Edmonton to Alaska, and that the O.P.C. has agreed to act for the same, is the opinion of an Edmonton man who is in close touch with railway affairs and has been studying events of the past six months.

THE ALBERTA MUSICAL FESTIVAL

The Fourth Alberta Musical Competition Festival will be held in Edmonton during the third week in May and promises to be an even greater success than in previous years. It was hoped that this year's festival would have been held in Calgary, so as to give those in the southern parts of the province a better chance of competing, but the musical people of Calgary found themselves unable to take charge of the festival and it will therefore be once more held in the Capital City.

The committee would specially call the attention of the smaller towns to a new competition, added this year, for quartettes of mixed voices, the members of which need not belong to the same, or to any church choir, and also to the new competitions for vocal duets (soprano and contralto) and tenor and bass.

Soloists will find that the oratorio numbers selected for this year's competitions are not of such great difficulty as last year, while the competition for boy and girl soloists, under fifteen years of age, should attract a number of the younger musicians of the province.

His Honour Lieutenant Governor Bulyea has this year donated a silver cup which will be awarded to the most artistic performance in any class given during the festival.

A copy of the syllabus can be obtained from the secretary of the festival (Mr. F. Lansdown, P. O. Box 65, Edmonton), or one of the local secretaries.

Calgary, Mr. Percy Newcome; Rel Deer, Mr. L. M. Gaetz; Wetaskiwin, Mr. Claude Hughes; Lethbridge, Mr. A. Tilley; Crossfield, Mr. T. MacGeachy; Strathcona, Mr. C. E. Cox; Raymond and Cardston, Mr. S. S. Newton.

The secretary has also a full supply of all the competition music so that there need be no delay in competitors obtaining same.

As in previous years the railway companies will give a special rate of single fare for the return journey.

LITTLE LOSS TO CATTLE

Calgary, March 20.—(Special to the Journal)—P. Burns, millionaire cattleman, writes to the local papers repudiating fake interviews to the effect that hundreds of his cattle were killed by the severe weather of the past winter.

He writes: "I see that reports have come from Edmonton and elsewhere from Lethbridge stating that I have made strong assertions regarding the loss of cattle in the south part of Alberta. I wish you would give these statements the most emphatic denial, as I certainly never made the statement credited to me. I believe that cattle everywhere have come through this winter exceedingly well and am of the opinion that there is going to be a very small loss."

Yours truly,
Signed: P. Burns.

THE SNOB AND THE SNUB

At a lance recent a young gentleman somewhat inferior social position to most of those present approached an alderman's daughter—"mighty superior" sort and rather diffidently asked for the favor of a dance.

The girl looked him stonily in the face for a moment, then turned away with the remark:—

"I'm sorry; but I'm—well, rather particular as to who I dance with."

"Ah, indeed!" was the quiet retort;

"then we differ in that respect. I'm not a bit particular. That was why I asked you!"

Then he left her.—Titibus.

New Superior Niagara, With Reservoir

With Reservoir and High Clearance. For West, Harbor, Soft Coal or Coke. In the Superior Niagara Steel Range we have a nicely finished, moderate priced range, it is constructed so that it will give years of satisfaction. It is about not as smoothly finished ed or as heavy as high priced steel ranges, all the joints are well riveted. The base is made of blue polished steel. The bottom of the range has iron angle base, thus adding greatly to its rigidity and reducing the danger of breaking in handling to a minimum.
